

PLACEMENT DATASET - EDA REPORT

Exploratory Data Analysis of Student Placement Dataset

Dataset Information

- Number of Students: 50000
- Number of Features: 35
- Placement Rate: 65.71%

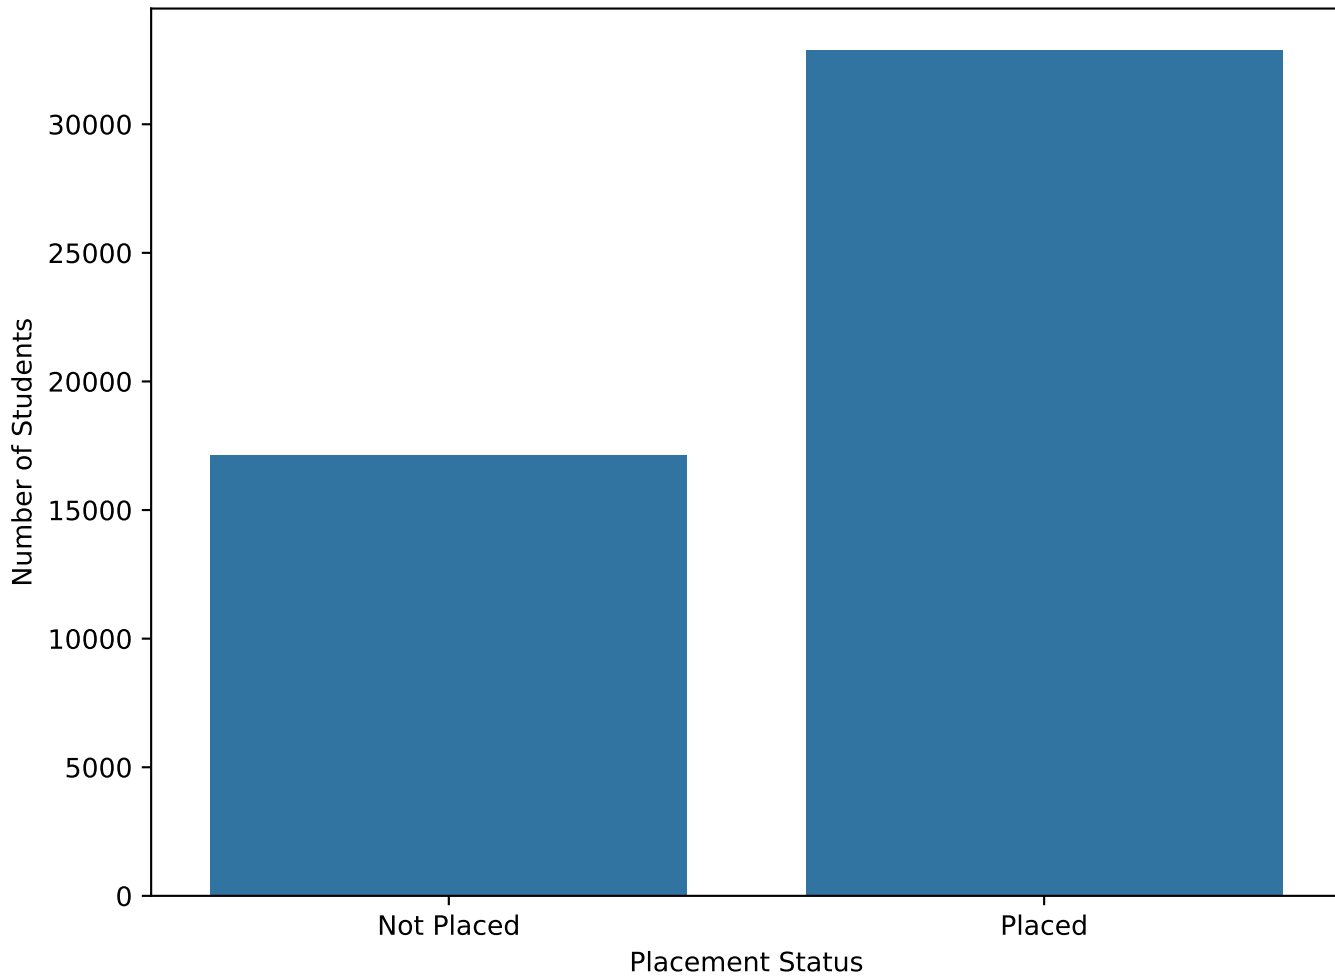

Main Analysis Performed

1. Dataset structure and statistical summary
2. Missing value analysis
3. Placement status distribution
4. Average CGPA by placement status
5. Average Aptitude Test Score by placement status
6. Placement rate by CGPA range
7. Placement rate by Aptitude Test Score range
8. Correlation analysis

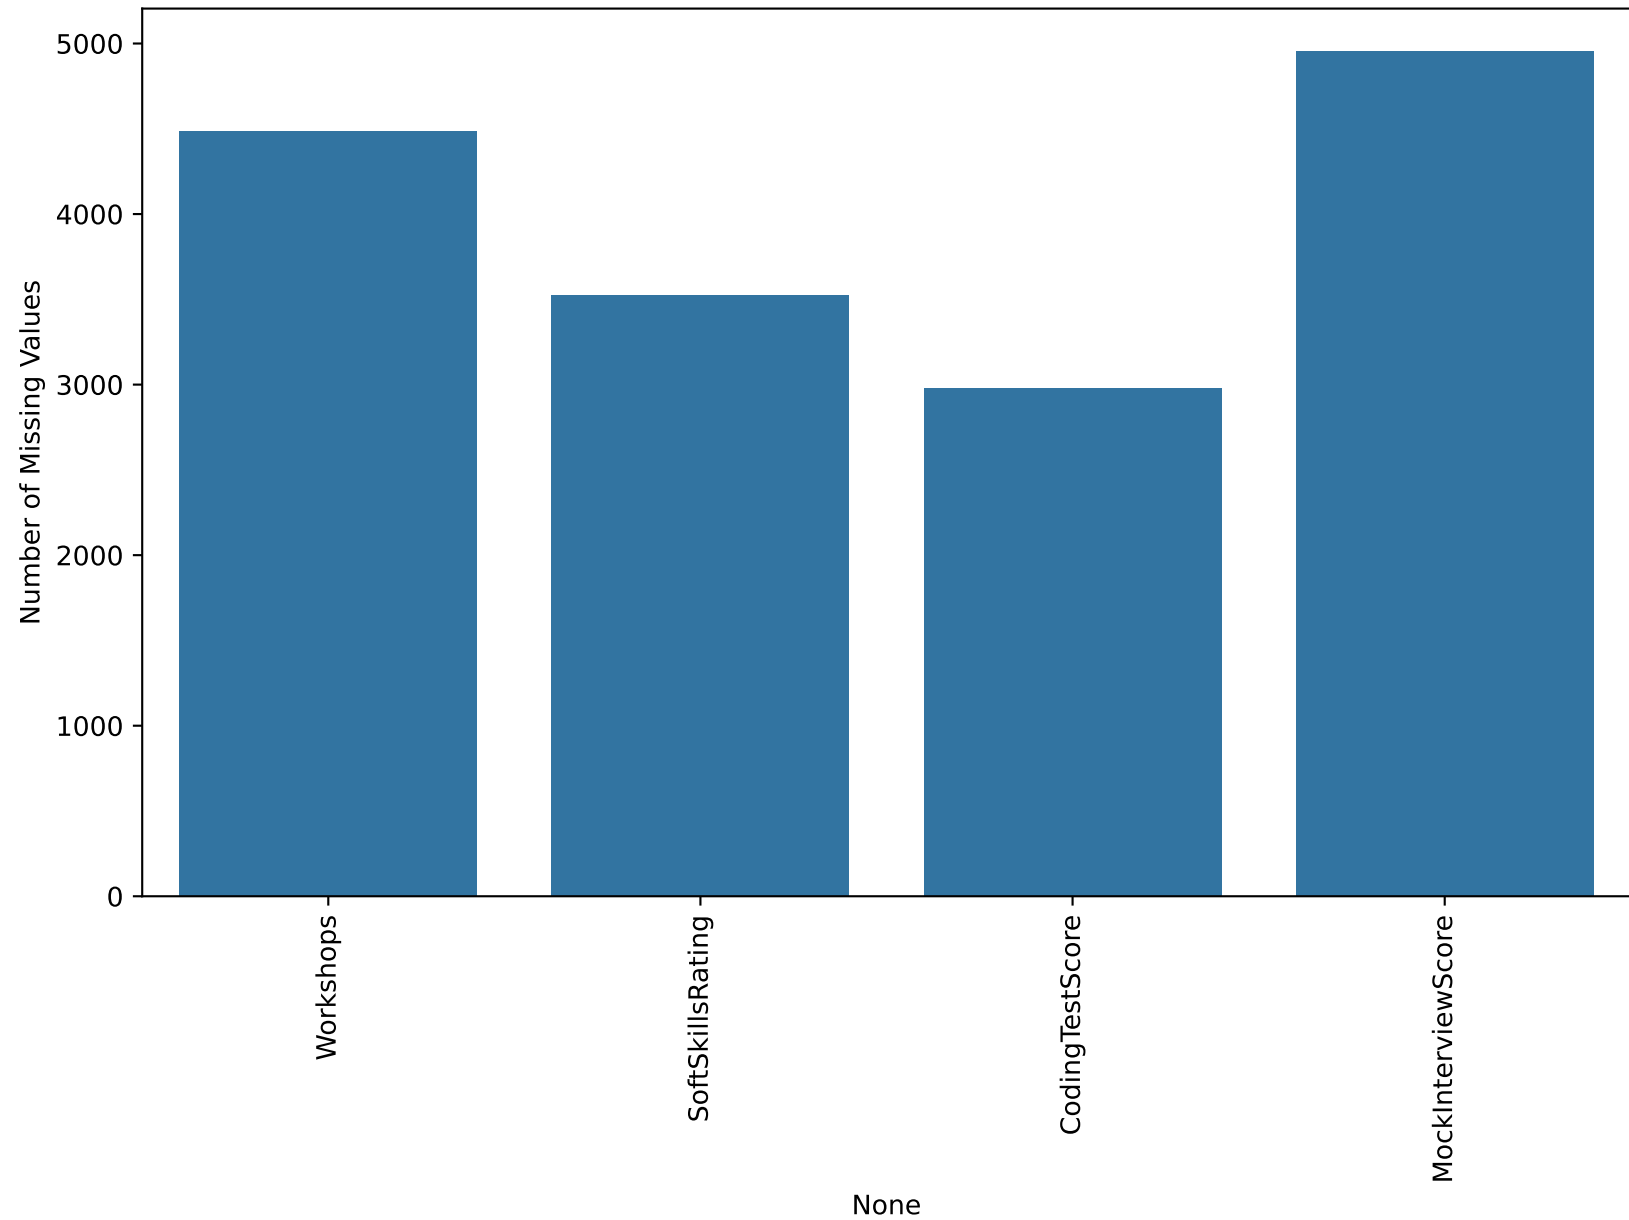

Important Features

- CGPA
- Attendance Percentage
- Internships
- Projects
- Aptitude Test Score
- Coding Test Score
- Mock Interview Score
- Placement Status

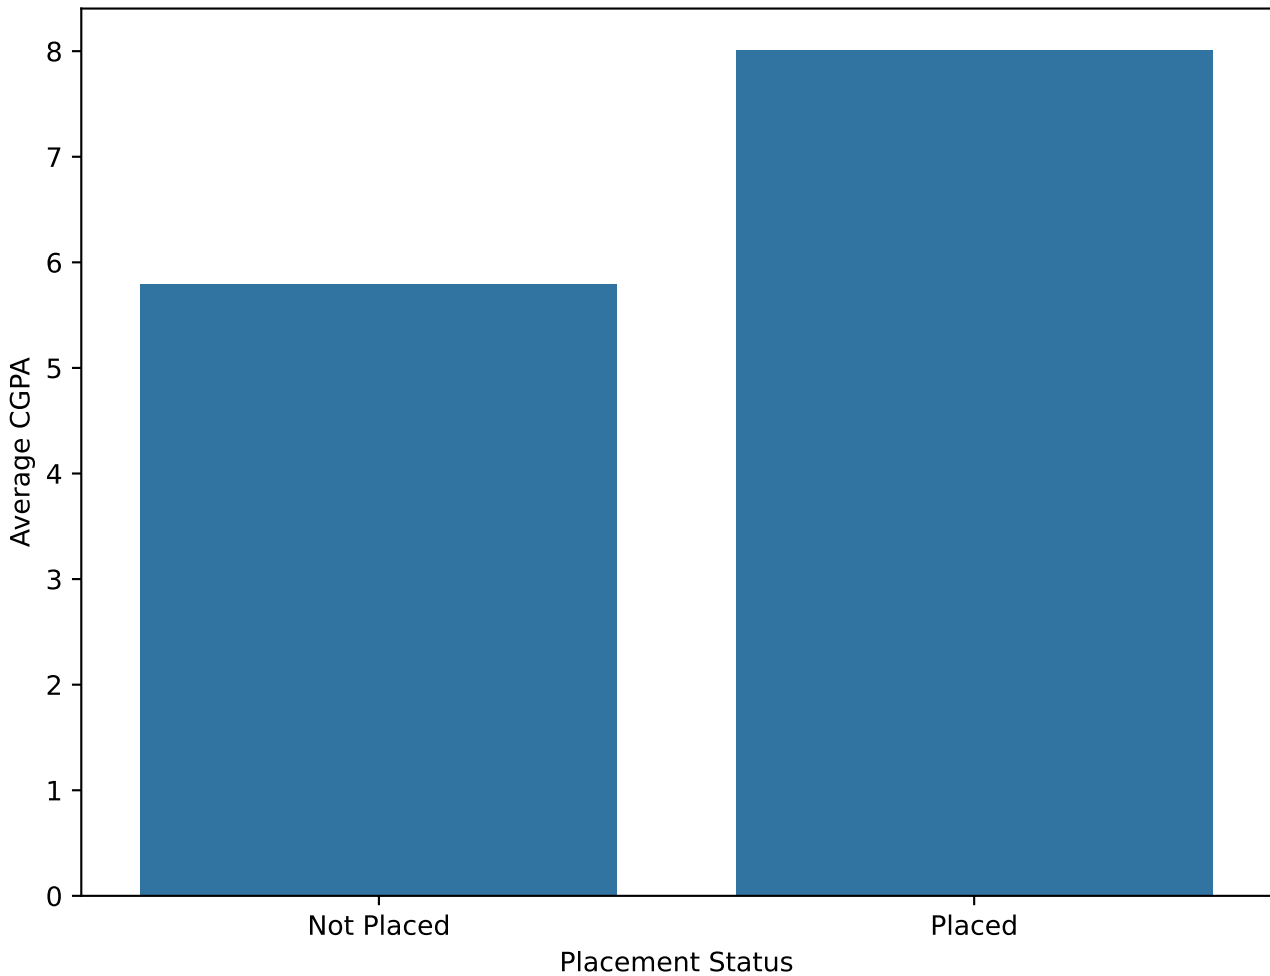

Placement Status Distribution

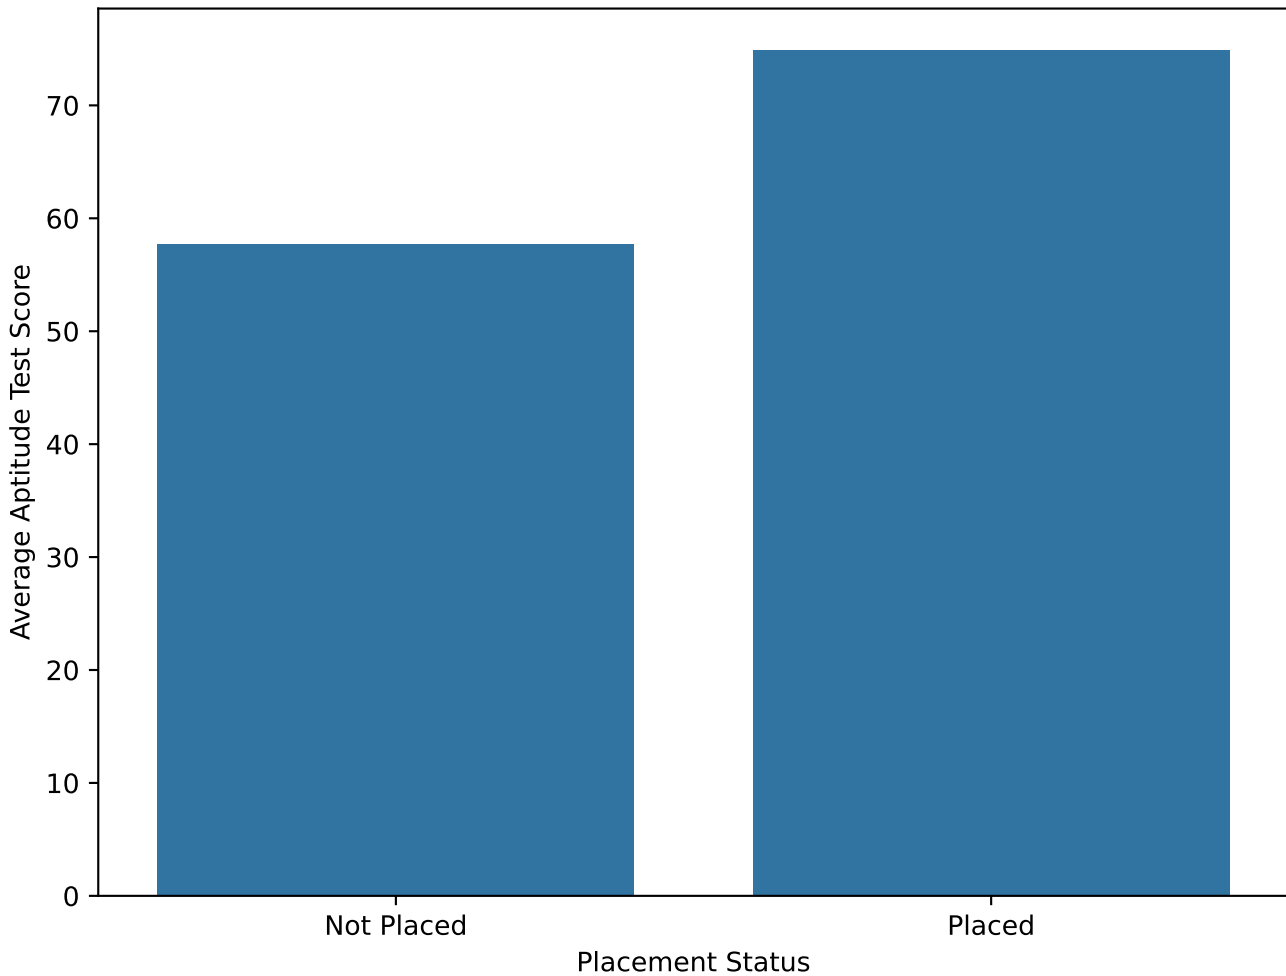

Missing Values by Column

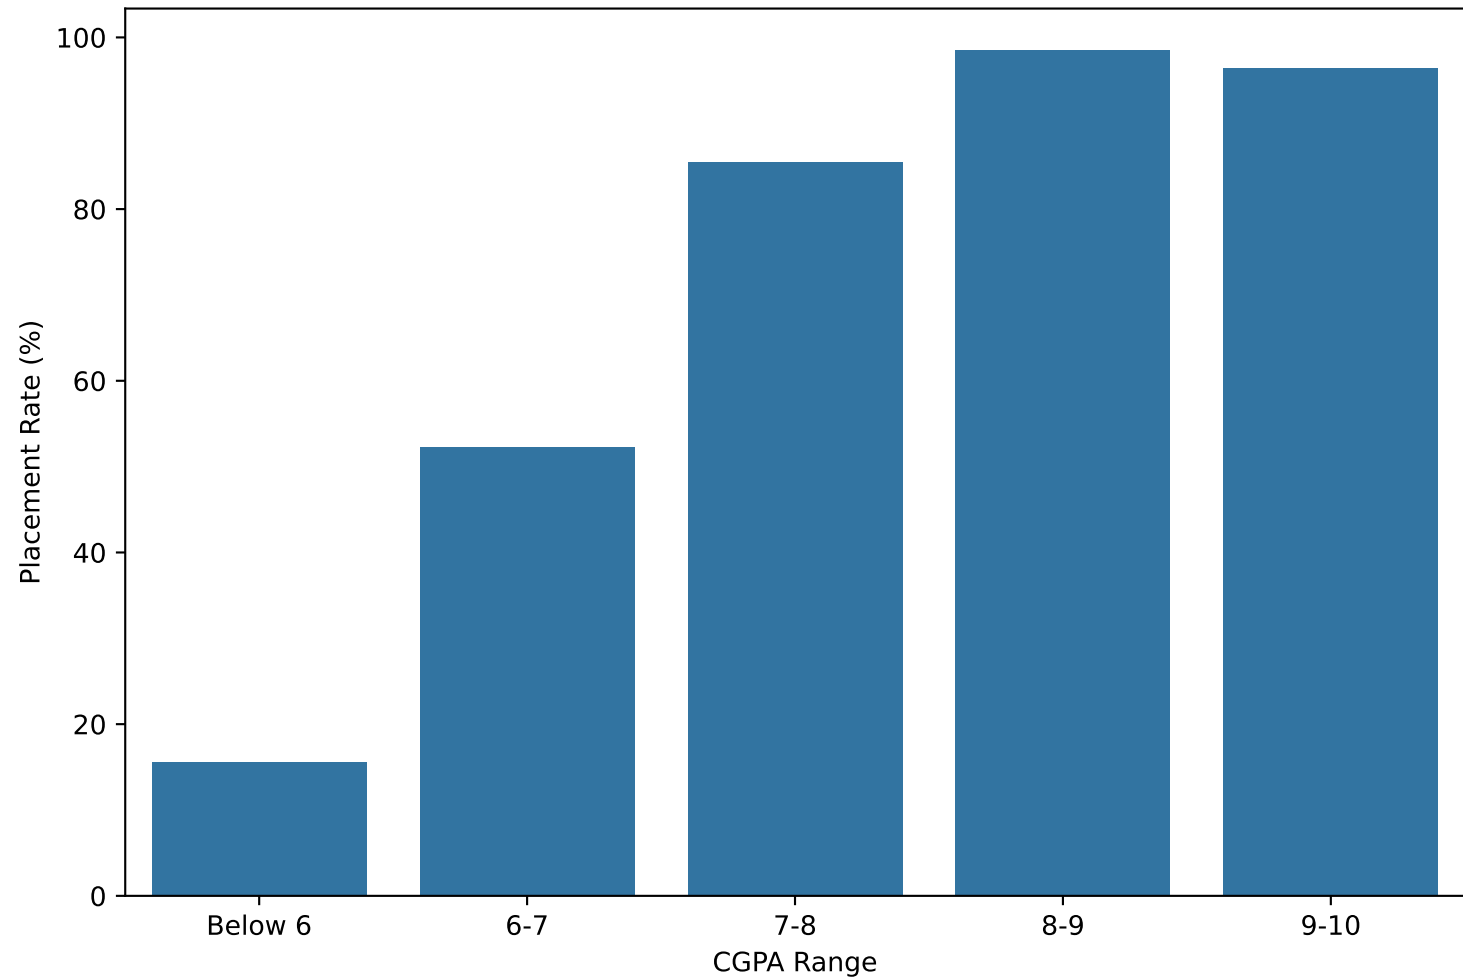

Average CGPA by Placement Status

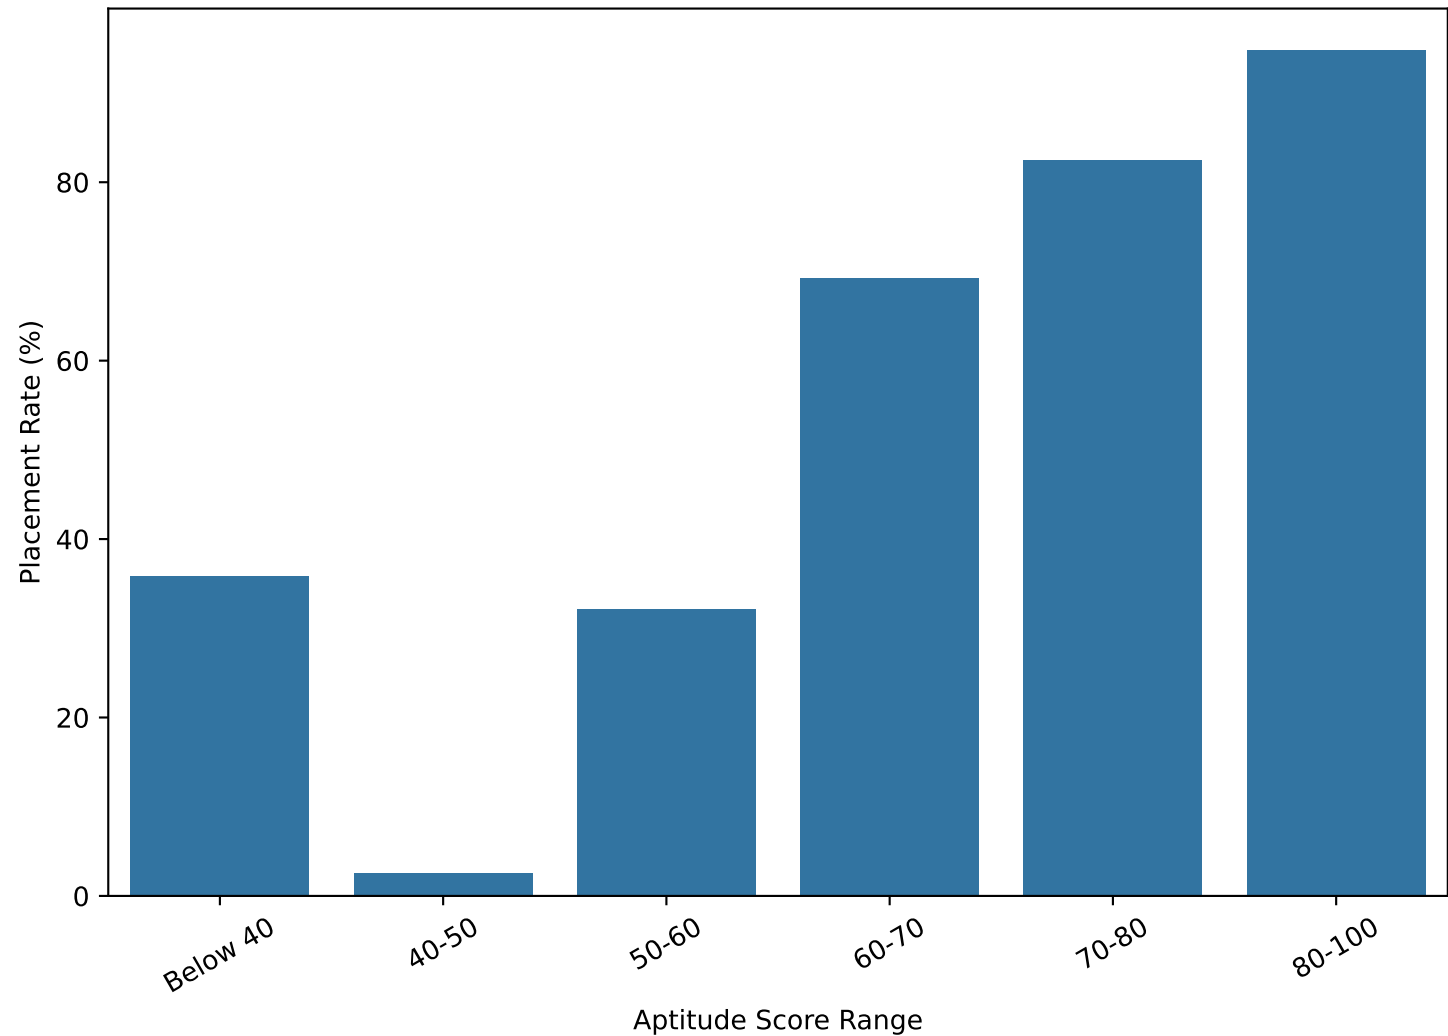

Average Aptitude Test Score by Placement Status

Placement Rate by CGPA Range

Placement Rate by Aptitude Test Score
